

LEINOS 331

Vintage Wood Ground

Application: For the coloured design of wooden surfaces in interior areas.

Technical Characteristics: Vintage Wood Ground 331 is used as an adhesion promoter and to create a light-coloured wood substrate for the subsequent vintage design.

Color: White.

Ingredients: Water, shellac soap, natural resin soap, beeswax, carnauba wax, cellulose, mineral pigments, preservative benzisothiazolinone. VOC content <1 g/l. EU limit max. 30 g/l (category "a" from 2010)

Package Sizes: 500ml

Processing: Firstly, Vintage Wood-Ground is applied to the substrate with a brush, roller or spatula in a thin or plastic layer, depending on the desired look. Further treatment is then carried out after drying, if necessary in several layers with LEINOS Pigment Concentrate 668, in any desired manner. Finally, after all layers of colour have dried, the surface is sanded with sandpaper until the desired look is achieved.

Drying Time: Depending on the thickness of the colour layers and the room climate.

Thinning and Cleaning Agents: Water and LEINOS Vegetable Soap 930 The product is ready to use.

Storage and Shelf Life: Store in a cool, dry and closed place. Protect from frost!

Special Notes: EAK 08 01 20
