

LEINOS 926

Hardwood Lye Clear

Application: For finishing light-coloured hardwoods such as maple, ash, beech, oak, etc. indoors. Suitable for floors, walls, ceilings, doors, furniture, etc.

Technical Characteristics: Liquid consistency, very economical. The yellowing process of the wood is largely stopped, thus preserving the bright appearance of the surfaces. After-treatment with LEINOS Wooden Floor Soap white 924 for a white scrubbed character. After-treatment with LEINOS Wooden Floor Soap natural 924 or LEINOS Floor- and Furniture Wax 310 to preserve the original wood tone.

Color: 002 Colourless, 202 White.

Ingredients: Water, sugar surfactant, citric acid, (white: titanium dioxide).

Package Sizes: 1l / 2,5l

Substrate and Preparation: The wood must be untreated, well sanded, clean and dry (max. 14 % wood moisture content). Always shake or stir Hardwood Lye Clear well before and during application.

Processing: Apply with an acid-resistant roller or brush evenly in the direction of the fibres. Immediately rework any dry patches until an even whitish layer forms on the surface.

Drying Time: Dust-dry after approx. 2-5 hours. Can be sanded and painted over after at least 24 hours. If the drying times are not adhered to, yellowish discolouration may occur in the wood. Ensure good ventilation.

Consumption: 100-125 ml/m² or 8-10 m²/l, depending on the absorbency of the surface.

Thinning and Cleaning Agents: Clean with water immediately after use.

Storage and Shelf Life: Store in a cool, frost-free and dry place. Keep opened containers tightly closed.

Special Notes: EAK: 07 06 01

Hazard statements: Contains: D-glucopyranose, oligomers, decyloctylglycosides. Causes serious eye damage.

GHS-05 / Danger

LEINOS 926

Hardwood Lye Clear

Precautionary statements: Wear protective gloves/protective clothing/eye protection/face protection. IF ON SKIN: Wash with plenty of water. If skin irritation occurs: Get medical advice/attention. Take off contaminated clothing and wash it before reuse. IF IN EYES: Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do. Continue rinsing. If eye irritation persists: Get medical advice/attention. Keep out of reach of children. Avoid release to the environment. Dispose of contents/container to an appropriate recycling or disposal facility.
