Intensive Cleaner

Application: Intensive cleaning agent for heavily soiled indoor and outdoor surfaces, e.g. wooden decking, fences, doors, stone tiles, masonry, etc. Ideal for cleaning and removing fungal and algae infestation. Highly concentrated.

Technical Characteristics: Liquid consistency, very economical, strong cleaning effect. Made from purely plant-based, renewable raw materials.

Ingredients: Water, Vegetable Soap, Surfactants.

Package Sizes: 500ml / 1l

Processing: Dilute Intensive Cleaner 1:20 to 1:40 with warm water, depending on the degree of soiling. E.G: mix 250 ml Intensive Cleaner with 5-10 litres of water. Apply the cleaner evenly with a wide brush or paintbrush. The treated surface should be sufficiently wet. Leave to work for approx. 20 minutes. Then scrub/wash the surface thoroughly with a brush. Repeat the treatment if necessary. Rinse the surface with water and leave to dry. Neutralise the surfaces thoroughly with water before further treatment with other products. Do not apply below +8 °C. Tip: In the case of heavy fungal and algae infestation, leave the Intensive Cleaner to work for 3-4 days, then rinse with water. Remove any remaining stains with a hard brush. Clean tools with water immediately after use.

Consumption: 1 litre of concentrate properly diluted with water is sufficient for approx. 120-150 m².

Thinning and Cleaning Agents: Clean with water immediately after use.

Storage and Shelf Life: Store in a cool, frost-free and dry place. Keep opened containers tightly closed.

Special Notes: EAK: 07 06 01 / GISCODE: GE 10

Hazard statements: Causes skin irritation. Causes serious eye irritation.

GHS-07 /
Warning

Precautionary statements: Wear protective gloves/protective clothing/eye protection/face protection. IF ON SKIN: Wash with plenty of water. If skin irritation occurs: Get medical advice/attention. Take off contaminated clothing and wash it before reuse. IF IN EYES: Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do. Continue rinsing. If eye irritation persists: Get medical advice/attention. Keep out of reach of children. Avoid release to the environment. Dispose of contents/container to an appropriate recycling or disposal facility.
